

mSET

Malaysian Society for
Engineering & Technology
Nurturing 21st Century Professionals

Introduction

The competitive world that we live in today demands more innovative ways for developing our human capital, acquiring & sharing of knowledge and technology and harnessing these for industry, business and commerce.

mSET aims to provide a powerful platform for its members to network and enhance their professionalism and ethical conduct, while nurturing them into leading professionals and captains of the industry.

Acknowledging that the world today is largely interdisciplinary, mSET welcomes the participation and interaction of engineers, technologists, architects, quantity surveyors and other engineering & technology professionals.

Believing in the importance of the engineering work team consisting of personnel at the degree, diploma as well as certificate levels, mSET welcomes technicians who are important members of the engineering team and who needs to be professionals in their own right.

mSET shall indulge in research and technological innovation to produce new materials, systems, structures & processes to support the country's development efforts.

mSET shall promote accreditation of qualifications, development of professional systems and international mobility of engineering and technology professionals, while organizing education, training & CPD programmes for its members.

Vision

To be the leader for the National Engineering as well as Technological Innovation & Development

Mission & Objectives

To Promote National & Global Networking

- To maintain MSET website & portal
- To encourage regular communications
- To create discussion groups
- To establish strong links with international bodies

To Advance & Share Knowledge & Expertise

- To develop & share database of knowledge & expertise
- To publish a regular bulletin
- To organize prestigious conferences, workshops & specialist training courses
- To facilitate exchange of scholars & experts

To Develop Leading Edge Technology & Industries

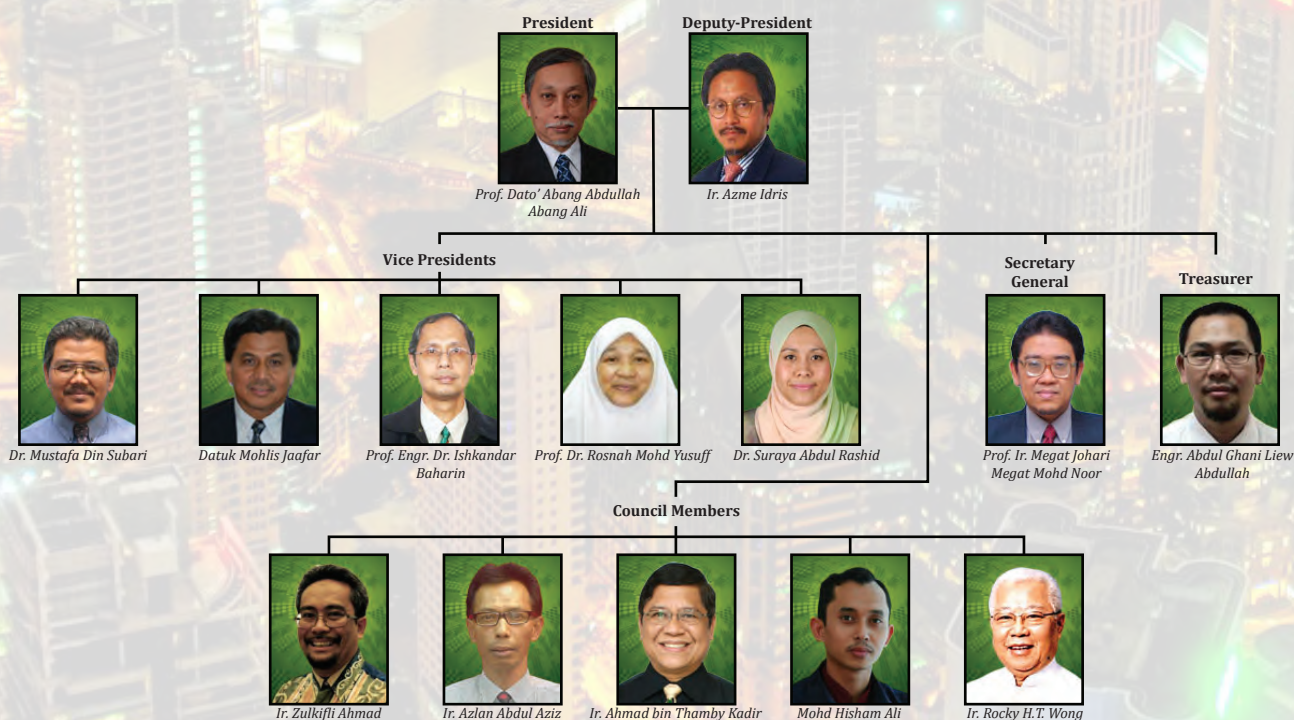

- To identify and promote leading edge technologies & industries
- To encourage university-industrial linkages
- To promote business forums
- To create study grants & awards

To Enhance HR Training & Development

- To organise regular CPD training courses
- To promote accreditation of qualifications
- To promote professional development and qualifications

mSET Council Members 2011/12

Standing Committees & Interest Groups

mSET Standing Committee:

Corporate Affairs
Activities & Welfare
Information & Publication
Admission, Examinations, Accreditation & Certifications
Technology & Business
Administration & Finance
Young Professionals

mSET Interest Groups:

Malaysia Robotic & Automation (MyRAig)
Malaysia Green Technology & Renewable Energy (MyGTRE)
mSET Ergonomic Interest Group (MyEIG)
SWeeT Group
Technician Group
Forensic Engineering Group (MyFEIG)
Affordable Housing Interest Group (MyAHIG)

2011-2012

Past & Immediate Future Activities

PDP & CPD Programmes	NETWORKING
Specialist Training Courses	Trade Fairs
Workshops	Exhibitions
Seminars	Technical Visits
Conferences	Business Forums
Congresses & Convention	Overseas Business, Technical Meeting & Missions

mSET recent activities:

AUTOMEX 2011, Putra World Trade Centre, Kuala Lumpur
NETC2011 & mSET 4th Annual General Meeting, Marriott, Putrajaya
Green Card Training Course, Engineering Faculty, Universiti Putra Malaysia
Lead Trainer Course on Outcome Based Education (1st and 2nd Edition), Marriott, Putrajaya
2 Day Intensive Workshop on Submission to EAC, Marriott, Putrajaya
International Workshop on Solar Cell Process & Devise Simulation, IC Microsystem Sdn Bhd, Cyberjaya

mSET shall organize / be involved in the following activities:

Power-Gen Asia Conference & Exhibition, KLCC, Kuala Lumpur, Malaysia
Regional Symposium on Engineering & Technology RSET2011, Kuching, Sarawak, Malaysia
International Engineering Education Conference IEEC2011, Madinah, Saudi Arabia
World Congress on Engineering & Technology WCET2012, Almaty, Kazakhstan
World Housing Congress, WHC2012, Kuching, Sarawak, Malaysia
World Engineering Congress WEC2013, Pakistan
Engineering Qualification, Accreditation and Professional System Project (EQAPS) with support from IDB
International Engineering Centre (IEC), with support from the Saudi Council of Engineers

WHO CAN BE **mSET** MEMBERS?

|Engineers|Engineering Technologist|Architect|Quantity Surveyors|Technicians|Other Allied Professionals|

mSET believes in the multi-disciplinary team and shall introduce various grades and category of membership

THE VALUE FOR YOUR MEMBERSHIP

International Recognition, Networking & Opportunities

- ✓ able to network and interact with like-minded professionals
- ✓ able to share their aspirations, knowledge, expertise and enthusiasm in education, training, R&D and industry
- ✓ able to participate in CPD and lifelong learning programmes
- ✓ able to use your professional skills at the international level

mSET will open doors of opportunities in the public and private sectors as well as at international platforms for its members.

mSET Publications

mSET published its Newsletter every quarter. As to date, mSET has published 10 issues of mSET Newsletter that are distributed among its members. mSET is planning to extend its work by publishing the first mSET Magazine which will be available soon. With the Newsletter distributed to members, the Society hopes to update Members as well inform them of any future events organised by mSET.

International & Regional Affiliation

- ✓ Currently mSET is a member of the *Federation of Engineering Institutions of Islamic Countries (FEIC)* and shall participate in its Biannual General Assembly and International Engineering Convention.
- ✓ mSET plans to participate in other international and regional bodies such as the World Federation of Engineering Organization (WFEO).

Members' Benefits

- ✓ Members' rate for attendance of mSET / FEIC Seminar, Conferences, Congress, CPD & professional development programmes.
- ✓ Members shall receive a free regular bulletin.
- ✓ Members can use the Society's library, database of knowledge, expertise and mSET club facilities once available.
- ✓ Other facilities such as special mSET credit cards, takaful, travel & tours etc, as and when available.

Society Headquarters

mSET shall develop a campus-like headquarters which comprise a management office, meeting, conference and club facilities in the near future.
